PROFILE OF MARIE JORDAN

Growing up in Melbourne as one of six kids was a wonderful way to start this journey called Life. I followed my older sister to boarding school from Year 8 (I think Mum and Dad needed the bed!!!). Following school I worked at the PMG as an accounting machine operator until I married at the young age of 19 which was pretty normal in those days. My son, Marshall, was born by the time I was 21. In later years he made me the proud grandmother of three lovely girls.

I was never a sporting person apart from the odd game of tennis and, after I married, raising a baby and running our milk bar there just wasn't time.

We moved to Newcastle in the early eighties and in 1985 was managing Halifax Caravan Park at Nelson Bay with my then husband until 2000.

I divorced in early 2002 and later that year my life changed forever when I met my husband Warren. Warren had played social golf for many years so I thought I would give it a go. Wow, has that changed my life! Even in my late 60s I proved to myself it's never too late to start.

After playing for a couple of years at Morisset, my sister-in-law Sandra had lessons and joined me at Toronto. We share many wonderful trips away with a group of golfing friends. Our other interest is vintage cars - we have a 1930 Nash (the only one in the country) and a 1946 Hudson.

We enjoy club rallies a couple of times a month going to a variety of destinations around the Hunter. The passion for old cars has been passed on to Warren's son Gary, and his two sons and daughter Michelle's son Kane.

The ladies at Toronto have made me very welcome as they do with all new members. We are from all walks of life but share a common interest. I love the socialising we share after our Wednesday games and hope this will continue for years to come.

So thankyou everyone at TCC for enriching my life even further.
